

**VarioSpace:** Nearly all freezers include drawers and glass shelves that can be conveniently removed to create extra storage space. It's Liebherr's very practical solution to quickly accommodate even bulky items.

**Touch control system:** Our intuitive electronic touch control panel ensures all functions are easy and convenient to use as well as guarantees that the settings selected remain accurate and constant.

**SmartSteel:** With SmartSteel used on the appliance door the visibility of fingerprints is reduced, making it very easy to clean. Maintain this beautiful door exterior simply with a wipe of a clean, dry or damp cloth.

The compact fridge-freezer combination **CNPef 4416** is the perfect choice for smaller footprint installations like galley kitchens or apartment living. It includes smart interior design features like a beverage rack, foldable glass shelf, and a stainless back wall which prevents ice build-up and dripping.

The SmartSteel door is scratch resistant and makes fingerprints virtually disappear – one wipe of a cloth is all it takes to keep the surface clean. The **CNPef 4416** can be paired with itself with the help of our optional side by side kit for even more fridge and freezer space.
