LIEBHERR

SmartSteel: With SmartSteel used on the appliance door the visibility of fingerprints is reduced, making it very easy to clean. Maintain this beautiful door exterior simply with a wipe of a clean, dry or damp cloth.

Touch control system: Our intuitive electronic touch control panel ensures all functions are easy and convenient to use as well as guarantees that the settings selected remain accurate and constant.

BioCool: The humidity level inside the BioCool-Box can be regulated using a slider control so that the freshness of produce stored in the box can be preserved for longer.

Liebherr's BluPerformance **CNef 4315** fridge-freezer is characterised by premium-quality materials, craftsmanship in every detail, and precision touchscreen electronic controls. The integration of all the refrigeration components into the base of the appliance ensures maximum energy efficiency, a greater net capacity, and enhanced freezer compartment ergonomics.

Meanwhile, BioCool technology keeps food fresher for longer. The elegant and timeless design of this model makes it a guaranteed highlight in any home.
